

Teranka

FORMENTERA

A Cocooning Sanctuary

At once a laidback retreat, a joyful refuge and a nourishing restaurant, Teranka is inspired by the notion of terre d'ancrage – a safe harbour between land, sea and sky.

HISTORY WITH HEART

Formentera is home to Roman salt pans, high plateaus, and Bronze Age settlements.

In the late 1960s Formentera became a stop-off on the fabled hippie trail – which retraced age-old links between Marrakech, Goa, Afghanistan and Ibiza – and the island developed a reputation as a hotbed of freewheeling bohemianism.

FORMENTERA

Direct flights to Ibiza airport from more than 65 destinations.

Ferry from and to Ibiza every 30 minutes (duration of 30 minutes).

FARO DE LA MOLA

THE SPIRIT OF THE ISLAND

Bohemian, wild and sunbleeded, Formentera is a counter foil to the high energy of Ibiza.

1 Mar	22 hab.
2 Tierra	6 hab.
3 Cielo	6 hab.

GUEST ROOMS & SUITES

Luminous and light-filled,
Teranka's 35 private
hideaways radiate a refined

simplicity that allows
the elemental nature of
Formentera to shine.

Rooms occupy three distinct, alluring zones – Mar, Tierra and Cielo – allowing guests to prioritise their connection with the sea, the land or the sky.

EXPLORATION

SOULFUL GASTRONOMIC JOURNEY

The notion of a safe harbour between earth, sea and sky is the starting point for the way we cook, eat and gather at Teranka. Ingredients and provenance take precedence over everything.

Teranka Garden and Rooftop, with a dedication to the island's natural abundance and clarity of preparation allows the flavours and produce to shine.

PRIVATE DINING

Teranka lends itself to cosying up in different corners for those looking to drink and dine in total intimacy.

Amongst the pine tree-lined pathways, menus options and table settings are bespoke and natural, all with a convivial spirit.

THE ESSENCE OF FLOW

Our immersive approach to wellbeing heeds the natural rhythms of the island, encouraging guests to ritualize the elemental cycles of Formentera, from soothing sunrise yoga and in-room guided meditation hikes to stargazing, sound baths and intuitive bodywork with the wellbeing world's most powerful luminaries.

ART & CULTURE

Our ever-changing art collection has been developed by interior designer Katrina Phillips, resulting in a largely female-led series of works that reflect the island's beauty and lineage.
