THE ARMANCETTE CHALETs

The three chalets enjoy a privileged location right in the middle of the nature, only 4 km away from the village and the Armancette Hotel. The fourth chalet is a spa for the sole use of chalet guests.

In the summer, they have direct access to the trails for walking and mountain biking. And in the winter, the chalets are right on the slopes!

What can we do for you? A concierge, housekeeping, a chef to come to your chalet ... What else?
